SUMMARY

Passionate about development and eager to apply my skills in real-world projects. I have a strong foundation in front-end and back-end technologies, and I enjoy learning new technologies to enhance my capabilities. I am seeking opportunities—whether internships or full-time roles—where I can contribute to development teams, gain hands-on experience, and continue growing as a full-stack developer.

PROJECTS

EasyWrite - Blog Web App

🔗 https://easywrite.netlify.app/

GitHub Repo

- A dynamic blog application, which allows users to login, signup, read and write blog posts.
- **Tech Stack -** React, Tailwind CSS, Javascript, Appwrite for authentication.

DoQueue - Todo Web App

🔗 https://doqueue.netlify.app/

A streamlined to-do list web app designed to enhance productivity and task management. DoQueue allows users to create, organize, and prioritize tasks with an intuitive interface.

GitHub Repo

Aora Mobile App

Engineered a full-stack mobile application, Aora, leveraging React Native and Appwrite backend services, resulting in a 20% reduction in video upload failures through robust error handling.

GItHub Repo

Chatify - Real-time Chat App

Developing a full-stack **real-time chat app** with direct messaging, group chats, OTP-based authentication, and profile management using **MERN + React Native**.
Built secure **REST APIs** with Node.js & Express, integrated **MongoDB & Cloudinary** for data and media storage, and designed a responsive UI with React Native & Tailwind CSS.

GitHub Repo

SKILLS

HTML	CSS	JavaScript	React	Node	Express

Tailwind CSS	MongoDB	Git & GitHub	React Native

REST API's	NextJs

EDUCATION

Bachelor's Degree in Computer Science

Shobhit University

📅 2022 - 2026 📍 Saharanpur, UP, India

GPA
7.85 / 10

EXPERIENCE

Web Development Intern

WaySpire Ed-Tech Pvt

📅 06/2024 - 08/2024 📍 Remote

Gained practical experience from web development internship projects and Training Program.

- Developed projects such as Parallax Scrolling, Landing Page, and Weather App to gain new knowledge.
- Worked on API integration.

Web Development Intern

CodeAlpha

📅 04/2024 - 06/2024 📍 Remote

- Work on projects that helped me gain good experience, mainly in front-end development.
- Worked on projects including Amazon Clone, To-Do Application, and Book Library Application.

CERTIFICATION

CERTIFICATE OF TRAINING COMPLETION & INTERNSHIP

Successfully completed 2 months of remote training in Full Stack Web Development at Wayspire, followed by a remote internship as a Full Stack Web Development Intern.

Certificate of Internship

Completed CodeAlpha Virtual Internship Program as Web Development Intern.
Completed Bharat Intern's virtual internship program as a Web Development Intern, working on practical projects.

Certificate of Accomplishment – HackerRank

Passed the **Frontend Developer (React)** role certification test, validating proficiency in building React-based user interfaces. *(Earned: Aug 2025)*

Certificate of Participation – OpenWeaver

Completed training on **Basics of HTML/CSS for Beginners**, covering foundational concepts of web design and layout. *(Earned: Sep 2023)*

KEY ACHIEVEMENTS

⭐ **Hackathon Winner – College**

Collaborated in a team to develop a winning project, where I was responsible for building the frontend using React. The solution impressed judges for its clean UI and seamless user experience.
