SUMMARY

Passionate about development and eager to apply my skills in real-world projects. I have a strong foundation in front-end and back-end technologies, and I enjoy learning new technologies to enhance my capabilities. I am seeking opportunities whether internships or full-time roles where I can contribute to development teams, gain hands-on experience, and continue growing as a full-stack developer.

TECHNICAL SKILLS

Frontend: React, NextJs, React Native, JavaScript, HTML, CSS, Tailwind CSS

Backend: Node, Express, REST API's

Database: MongoDB

Tools: Git & GitHub

EXPERIENCE

WaySpire Ed-Tech Pvt | Web Development Intern | Remote | 06/2024 – 08/2024 |

- Gained practical experience from web development internship projects and Training Program.
- Developed projects such as Parallax Scrolling, Landing Page, and Weather App to gain new knowledge.

CodeAlpha | Web Development Intern | Remote | 04/2024 – 06/2024

- Work on projects that helped me gain good experience, mainly in front-end development.
- Worked on projects including Amazon Clone, To-Do Application, and Book Library Application.

Flikt Technology Web Solutions | Web Development Intern | Remote | 10/2025 – 11/2025 |

- Contributed to the Enterprise Management Portal and Dynamic Dashboard with task automation features, improving UI structure and workflow clarity.
 - Built a clean, responsive landing page using HTML, CSS, and JavaScript to strengthen frontend development skills.
-

PROJECTS

EasyWrite - Blog Web App (React, Tailwind CSS, Javascript, Appwrite) | [Live](#) | [GitHub](#)

- A dynamic blog application, which allows users to login, signup, read and write blog posts.

Chatify - Real-time Chat App (MERN, React Native, Node.js, Express, MongoDB, Cloudinary) | [GitHub](#)

- Developing a full-stack real-time chat app with direct messaging, group chats, OTP-based authentication, and profile management.
- Built secure REST APIs with Node.js & Express, integrated MongoDB & Cloudinary for data and media storage, and designed a responsive UI with React Native & Tailwind CSS.

Aora Mobile App (React Native, Appwrite) | [GitHub](#)

- Engineered a full-stack mobile application, leveraging React Native and Appwrite backend services, resulting in a 20% reduction in video upload failures through robust error handling.

Resumind - AI-Powered Resume Analyzer (React, Node.js, MongoDB, Google Gemini API) | [Live](#) | [GitHub](#)

- Built a full-stack application to analyze resumes against job descriptions using the Google Gemini API.
 - Provides structured JSON feedback on ATS compatibility, content, and skills scores.
 - Features secure PDF uploads (Multer), user authentication (Clerk), and analysis history (MongoDB).
-

EDUCATION

Shobhit University Gangoh, Saharanpur, UP, India | 2022 – 2026 | Bachelor's Degree in Computer Science |

GPA: 7.85/10

ACTIVITIES & ACHIEVEMENTS

- **Hackathon Winner** - College: Collaborated in a team to develop a winning project, where I was responsible for building the frontend using React. The solution impressed judges for its clean UI and seamless user experience.
- Certificate of Training Completion & Internship (Wayspire): Successfully completed 2 months of remote training in Full Stack Web Development, followed by a remote internship.
- Certificate of Internship (CodeAlpha): Completed CodeAlpha Virtual Internship as Web Development Intern.
- Certificate of Internship (Bharat Intern): Completed Bharat Intern's virtual internship program as a Web Development Intern, working on practical projects.
- Flikt Technology Web Solution — Internship Certificate: Successfully completed a 1-month Web Development Internship, gaining hands-on experience in real-world projects and frontend development.
